THE COMMUNICATIONS PLATFORM OF THE FUTURE

Intelligent digitization with NOVO CxP

ALL DATA PERFECTLY ORGANIZED

The EIM platform **NOVO CxP** receives structured and unstructured data and documents from a wide range of channels (mail, fax, scans, email, web, smartphones, tablets, voice, video) and in many different formats, analyzes its content and assigns it to downstream processes in a standardized fashion.

NOVO CxP receives information from a wide range of channels, in many different formats.

MATURE AND FUTURE-PROOF

A mature solution – NOVO CxP helps you achieve maximum transparency, reduce error rates, streamline processes and increase efficiency and productivity.

A modular solution – NOVO CxP helps you achieve maximum flexibility. NOVO CxP is easy to integrate.

A future-proof solution – NOVO CxP's modern interfaces and open architecture help you design a platform that can be scaled up at any time.

NOVO CxP analyzes all incoming information and automatically hands it over to downstream processes.

Reduce processing time.

Reduce process costs.

Improve your services.

NOVO CxP – The right tool for every challenge.

WORKFLOW MANAGEMENT HAS NEVER BEEN EASIER

INOVOO

NOVO CxP provides a workflow platform, which means it also provides access to a wide range of predefined modules. The user can simply drag and drop a module to integrate it into a workflow and configure it. The following module categories are included as standard:

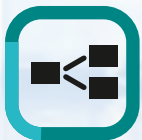

Media continuity

Easy to integrate

User-friendly

IMPORT

CLASSIFICATION

EXTRACTION

CONVERSION

EXPORT

The perfect solution for those looking for intelligent digitization and automation.

“It is not the most intellectual of the species that survives;
it is not the strongest that survives;
but the species that survives is the one that is able best to adapt.”

Charles (Robert) Darwin (1809 – 1882)
